Notes:

1. Monthly operating statistics are issued on a preliminary basis and are subject to change.

Any adjustments made will flow through to the year to date results.

These statistics contain a reclassification of a route from charter to RPT (Bali) which results in changes in the comparatives.

2. Passengers Carried refers to Regular Passenger Transport (RPT) passengers and therefore excludes charter passengers.

3. RPKs refers to the number of paying passengers carried multiplied by the number of kilometres flown.

4. ASKs refers to the number of seats available for sale to passengers multiplied by the number of kilometres flown.

5. Load factor is RPKs divided by ASKs.

6. The calculation of load factor does not include the number of "Charter" passengers.

7. From 1 March 2011, Skywest no longer flew to Kalbarri, Monkey Mia and Carnavon. Therefore, prior year comparatives have excluded relevant statistics for consistency purposes.
